Medal Winners

Feb	Geoff Davies
Apr	Mark Abbot
Jun	Nial Woods
Aug	Mike Elliot
Oct	Joe O'Brien

This year we are using the Macrae formula for the monthly medals.

Each month you are in effect shooting against your average. Score over your average and your MCRAE will be over 100

Score less than your average and your MCRAE will be under 100.

This will give everyone a chance each month regardless of their shooting standard.

The Championship will be decided on the overall gun score and medals to 3rd place.
